Body and Soul Treatments

Chocolate Spa treatment

An essential massage based on chocolate. It contains chocolate oil, cocoa butter, ethereal oils, polyfainoles, vitamins, antioxydant, liposomes, lecithin, jojoba oil, as well as extracts of green tea and ivy. Helps decrease body lines, softens skin and in addition eliminates stress.

Hydrotherapy treatment

Jacuzzi increases blood circulation and simultaneously gives a therapeutic massage. Hydrotherapy treatment minimizes major pains caused by muscular convulsion and movement difficulties. The treatment includes deep cleaning and peeling with special products from Thailand. It also includes relaxing massage with essential oils from Morocco.

Aromatherapy treatment

Full body massage combining ideally essential oils such as eucalyptus, rosemary, sage, lavender and other Indications:

- Relaxation
- Easing of muscles
- Soothing

Mud therapy treatment

Moroccan clay spreaded all over body. Completion requires 20 minutes inside hamam. Onwards a shower rinses out mud and increases circulation. Essential oils massage follow this session.

Marseille soap treatment

A deep body moisturizing treatment, with the use of natural Marseilles soap.

Massages & Therapies

Swedish massage

Swedish massage is the basic, classic form of western massage, which uses pressure to help you feel relaxed and calm. Besides the calming benefits, Swedish massage is thought to be good for, easing muscular strain by flushing out toxins, improving circulation by increasing oxygen flow in the blood, helping to keep ligaments and tendons supple, stimulating the nervous system, reducing emotional and physical stress.

Thai herbal massage

Particular Thailand treatment (Thai Herbal Compress/Loy-) becomes in step with massage and softens the pain, relaxes muscles and nourishes the skin helping in the better circulation of Pra-Komp blood.

Compresses are one specifically packed "poyggi". that includes selectively therapeutic herbs of Thailand. The extracts herbs penetrate in the skin and strengthen the organism with their beneficial attributes.

Thai massage

It involves stretching and deep massage. This form of bodywork is usually performed on the floor, and the client wears comfortable clothes that allow for movement.

Ayurveda massage

An ancient Indian medical system that aims to maintain mind health and spirit, tailored to each individual person. Ayurvedic massage uses oils, movements and techniques chosen especially for you, your body and your skin type.

Relax massage

Therapist's hands skim, smooth, knead or palpate the various tissues, thus achieving either general relaxation or a therapeutic effect.

Sports massage

Sports massage, applied skillfully, is the most effective therapy for releasing muscle tension and restoring balance to the muscle-skeletal system.

4 hands massage

You are experiencing 2 full massages at the same time.

Raul spa treatment

The Rasul spa treatment is an ancient Arabic bathing. The treatment uses mineral-rich mud along with heat and steam.
